The Salvation Bracelet is a very popular evangelism tool. This gospel craft idea allows you to share the gospel with children while making these bracelets with them. Salvation bracelets put the gospel message in the hands of children and equip them to share the message of salvation with their friends.

### Age Group

5 to 12

### Materials

- Letter Sized Papers
- Toothpick (or something thicker, e.g. lollipop sticks, if you are using a thicker cord)
- Cord (must be thinner than the toothpick)
- Scissors
- Glue

[How to Make Salvation Bracelets](https://www.letthelittlechildrencome.com/child-evangelism-resources/how-to-make-salvation-bracelets)

It would be awesome if you could share this child evangelism idea on your website or blog. Kindly include the line: "Child evangelism idea by www.LetTheLittleChildrenCome.com"

Jesus said, “Let the little children come to me. Don’t stop them, because the kingdom of heaven belongs to people who are like these children.”

Matthew 19:14
Make the Beads

1. You will need to make 5 colored beads for each bracelet: gold or yellow, red, black, white and green.

2. To make each bead you will need one long triangle (10 inches by ½ inch).

For your convenience, we have provided 2 different templates. (You only need to use one of these templates.)

Template 1

For printing on colored papers.
(Print 1 on each colored paper: yellow, red, black, white, green.)

Template 2

For printing on white papers.

3. Cut out the triangles.

4. Roll the beads.

Starting with the base of the triangle, roll it around a toothpick.

The toothpick must be thicker than your cord. If you are using a thicker cord, look for something thicker (e.g. a lollipop stick) to roll the beads.

Try to roll as tightly as possible, so that the bead will not unravel by itself later on.

Roll evenly to make the finished bead symmetrical.
5. Glue the beads.

When you have almost reached the end of the triangle (about 2 inches from the tip), apply glue to the tip of the triangle. Then finish rolling.

Once the glue is set, gently remove the bead from the toothpick.

6. If you want to make your beads last longer, you can paint a thin layer of varnish or transparent nail polish over them. (Young children may not be able to manage this step, and the varnish/nail polish will take some time to dry.)

Assemble the Bracelet

1. To make adjustable bracelets, cut 15 inches of cord for each bracelet.

2. Thread the beads onto the cord in this order: yellow, black, red, white and green.

3. Move the beads to the middle of the cord and tie a knot on each side of the beads.
4. With the two ends of the cord, tie two sliding adjustable knots:
Take the first end and knot it around the second end.

Take the second end and knot it around the first end.

5. The finished bracelet looks like this:

How to Use, What to Say

There are many ways to use the Salvation Bracelet as a gospel presentation tool.

You can make a Salvation Bracelet for yourself and wear it wherever you go. Or you can make a whole bunch of them to give away. Use them as conversation starters to share the gospel whenever opportunities arise.

Alternatively, you can make Salvation Bracelets with a group of children as a craft project. During the session, take the opportunity to share the gospel with them. Encourage them to wear their salvation bracelets and to share the message of salvation with their friends.
